

ALGEBRA SEMINAR

Introduction to group representations, IV

Martin Lorenz
Temple University

ABSTRACT: This will presumably be the last lecture of this series. I plan to finish the crash course on the symmetric groups S_n that I started last time. Time permitting, I will also give a very brief glimpse into the area of “quantum groups” and their representations.

MONDAY, NOVEMBER 16, 2009
1:40 – 2:30 PM
ROOM 617, WACHMAN HALL
